Review period	2 years
Date approved:	6th December 2023
Signature of Co-Chair of Governors:	 

Careers Education, Information, Advice and Guidance Policy

‘Careers Guidance and access for education and training providers. Statutory guidance for governing bodies, school leaders and school staff’. DfE, January 2018

Adopted by the Governing Body: October 2023
Compliance Check: October 2023
Review Period: 2 Year
Review Date: October 2025

Careers Education, Information, Advice and Guidance Policy

School Vision

THS seeks to maximise the life chances of all of our young people and so it is crucial to prepare young people for life beyond school and college. The values and principals document makes direct reference to developing:

We have adopted this policy in order to provide a clear commitment to and framework for Careers Education, Information, Advice and Guidance

Policy Scope

This policy covers Careers Education, Information, Advice and Guidance given to students to all years.

The policy also applies to Year 11 students after they finish their examinations in June of their final year and before they start at their next place of education, employment or training.

The policy has been reviewed in line with the recently published DfE guidance document ‘Careers guidance and access for education and training providers – Statutory guidance for governing bodies, school leaders and school staff. (DfE, January 2018)

This policy accepts the 8 Gatsby Charitable Foundation’s benchmarks as set out in the DfE guidance. They can be seen in Appendix 1 of this policy

This policy covers the legal duty of schools to ensure that a range of education and training providers can access pupils in Year 7 to Year 11 for the purpose of informing them about approved technical education qualifications or apprenticeships.

This policy refers to events and opportunities in both Key Stages and in all years and these events will impact upon all students at the school.

All members of staff at THS are expected to be aware of this policy and the importance of Careers Education, Information, Advice and Guidance (CEIAG) in the education of students; CEIAG is not the sole responsibility of the Careers Advisor.

It is important therefore that students leave school aware of themselves as individuals, aware of the opportunities available to them and able to make some decisions about their own life. They should be prepared for the transition from full time education to the world beyond. It is to these aspects of personal and social development that this policy will contribute.

Objectives:

The objectives of the Careers Education, Information, Advice and Guidance policy are as follows:

- To ensure that all students at the school receive a stable careers programme
- To enable all students to learn from information provided by the career and labour market
- The CEIAG programme should be individual and address the needs of each student
- To link the curriculum learning to careers learning

- To provide students with a series of encounters with employers and employees
- To provide students with experiences of workplace(s)
- To ensure that students have a series of encounters with further and higher education
- To provide each student with the opportunity to receive personal guidance

School Responsibilities

The school has a series of statutory duties:

All registered pupils at the school must receive independent careers advice in Years 7 to 11

This careers advice must be represented in an impartial manner, showing no bias towards a particular institution, education or work option

This advice must cover a range of education or training options

4This guidance must be in the best interests of the pupil

There must be an opportunity for education and training providers to access pupils in Year 7 – Year 11 in order to inform them about approved technical qualifications or apprenticeships.

The school must have a clear policy setting out the manner in which providers will be given access to pupils.

The school will base its careers provision around the Gatsby Benchmarks. A summary of these can be seen at the bottom of this document.

At THS we believe that good CEIAG connects learning to the future. It motivates young people by giving them a clearer idea of the routes to jobs and careers that they will find engaging and rewarding. Good CEIAG widens pupils' horizons, challenges stereotypes and raises aspirations. It provides pupils with the knowledge and skills necessary to make successful transitions to the next stage of their life. This supports social mobility by improving opportunities for all young people, especially those from disadvantaged backgrounds and those with special educational needs and disabilities.

The school will continuously monitor its CEIAG offer and seek further improvement. This will be done by the personnel involved in the design and delivery of the programme as well as by external stakeholders who assess the work of the school (eg. Ofsted)

Governor Responsibilities

The governing body will ensure that the School has a clear policy on Careers Education, Information and Guidance (CEIAG) and that this is clearly communicated to all stakeholders. They should ensure that this policy is:

- based on the eight Gatsby Benchmarks
- meeting the school's legal requirements
- The governing body will ensure that arrangements are in place to allow a range of educational and training providers to access pupils in Years 7 – 11.
- There will be a member of the governing body who takes a strategic interest in CEIAG and encourages employer engagement

Provider Access

Introduction - This section of the policy sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

All pupils in years 7-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- To understand how to make applications for the full range of academic and technical courses.

- Appendix 3 shows the way in which education and training providers should get in touch with the school in order to gain access to pupils and/or parents to inform them about further opportunities

- The school will then work with providers in order to identify the most effective opportunity for them to share information about education and training opportunities

In addition

In January 2023, the updated provider access legislation (PAL) specifies schools must provide at least six encounters with approved providers of apprenticeships and technical education for all their students:

- Two encounters for pupils during the ‘first key phase’ (year 8 or 9) that are mandatory for all pupils to attend
- Two encounters for pupils during the ‘second key phase’ (year 10 or 11) that are mandatory for all pupils to attend
- Two encounters for pupils during the ‘third key phase’ (year 12 or 13) that are mandatory for the school to put on but optional for pupils to attend

This aims to help learners understand and apply for both apprenticeships and a broad range of technical education options including T-Levels and Higher Technical Qualifications.

Monitoring, Evaluation and Review

The Headteacher will ensure that:

- The work of the Careers Advisor and CEIAG events are supported and monitored
- a member of the Senior Leadership Team has an overview of CEIAG work and reports regularly back to the team
- The effectiveness of this policy will be measured in a variety of ways:
- Feedback from stakeholders through mechanisms such as the Kirkland Rowell student and parent survey;
- Feedback from external visitors to the school such as Ofsted;
- The number of students who are NEET in October having left the school in the previous summer. This figure can be compared to national figures as well as against the equivalent figure from similar schools both nationally and within the county.

The governors of THS will review this policy every three years.

The Gatsby Benchmarks

<p>1. A stable careers programme</p>	<p>Every school and college should have an embedded programme of career education and guidance that is known and understood by students, parents, teachers, governors and employers.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> Every school should have a stable, structured careers programme that has the explicit backing of the senior management team, and has an identified and appropriately trained person responsible for it. <input type="checkbox"/> The careers programme should be published on the school's website in a way that enables pupils, parents, teachers and employers to access and understand it. <input type="checkbox"/> The programme should be regularly evaluated with feedback from pupils, parents, teachers and employers as part of the evaluation process.
<p>2. Learning from career and labour market information</p>	<p>Every student, and their parents, should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> By the age of 14, all pupils should have accessed and used information about career paths and the labour market to inform their own decisions on study options. <input type="checkbox"/> Parents should be encouraged to access and use information about labour markets and future study options to inform their support to their children.
<p>3. Addressing the needs of each student</p>	<p>Students have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each student. A school's careers programme should embed equality and diversity considerations throughout.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> A school's careers programme should actively seek to challenge stereotypical thinking and raise aspirations. <input type="checkbox"/> Schools should keep systematic records of the individual advice given to each pupil, and subsequent agreed decisions. <input type="checkbox"/> All pupils should have access to these records to support their career development. <input type="checkbox"/> Schools should collect and maintain accurate data for each pupil on their education, training or employment destinations.
<p>4. Linking curriculum learning to careers</p>	<p>All teachers should link curriculum learning with careers. STEM subject teachers should highlight</p>	<ul style="list-style-type: none"> <input type="checkbox"/> By the age of 14, every pupil should have had the opportunity to learn how the different STEM

	the relevance of STEM subjects for a wide range of future career paths.	subjects help people to gain entry to, and be more effective workers within, a wide range of careers.
5.Encounters with employers and employees	Every student should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.	<input type="checkbox"/> Every year, from the age of 11, pupils should participate in at least one meaningful encounter* with an employer. *A 'meaningful encounter' is one in which the student has an opportunity to learn about what work is like or what it takes to be successful in the workplace.
6.Experiences of workplaces	Every student should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.	<input type="checkbox"/> By the age of 16, every pupil should have had at least one experience of a workplace, additional to any part-time jobs they may have. <input type="checkbox"/> By the age of 18, every pupil should have had one further such experience, additional to any part-time jobs they may have.
7.Encounters with further and higher education	All students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.	<input type="checkbox"/> By the age of 16, every pupil should have had a meaningful encounter* with providers of the full range of learning opportunities, including Sixth Forms, colleges, universities and apprenticeship providers. This should include the opportunity to meet both staff and pupils. <input type="checkbox"/> By the age of 18, all pupils who are considering applying for university should have had at least two visits to universities to meet staff and pupils. *A 'meaningful encounter' is one in which the student has an opportunity to explore what it is like to learn in that environment.
8.Personal guidance	Every student should have opportunities for guidance interviews with a career adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made.	<input type="checkbox"/> Every pupil should have at least one such interview by the age of 16, and the opportunity for a further interview by the age of 18.
